

The University of Illinois offers a comprehensive set of benefits to eligible employees, some of which are described below.

Basic Term Life Insurance – An amount equal to the employee’s annual salary is provided at no cost to benefits-eligible employees.

Health Insurance – All eligible employees pay a monthly premium for their own coverage under any of the health plans. The premium amount is based on the employee’s annual salary. The cost of dependent coverage varies by the health plan selected.

Vision Insurance – Employees and their dependents enrolled in any of the health plans are automatically provided this benefit at no cost.

Dental Insurance – Eligible employees pay a monthly premium for their own and any dependent coverage under the Quality Care Dental Plan. The premium cost ranges from \$11.00/month for the employee to \$19.50/month for the employee with two or more dependents. Eligible employees must be enrolled in a State health insurance plan to be eligible for dental insurance.

Retirement Plan – Offered through the State Universities Retirement System (SURS). Eligible employees contribute 8% of their gross earnings to the retirement plan, which is automatically deducted from their paycheck. Contributions made to this plan are not subject to federal or state income taxes until funds are withdrawn following retirement. University of Illinois employees who are eligible for SURS do not pay into Social Security.

Disability Plan – SURS-eligible employees are also covered under the SURS disability plan.
