Re: Visiting Academic Professional Bargaining Agreement

Dear Mr. Burns:

This letter confirms, as discussed at the May 28, 2015 labor-management meeting, that the collective bargaining agreement between the Visiting Academic Professionals/AAP-IEA-NEA and the University of Illinois was automatically renewed for another year pursuant to Article 25, Section 1 of that agreement. Because neither party notified the other of its desire to modify or terminate the agreement within the requisite time frame, the current terms and conditions contained within that agreement, therefore, will remain in effect through August 15, 2016.

Sincerely,

Heather L. Horn
Assistant Director of Labor & Employee Relations
